

NIRMALAGIRI COLLEGE

RE-ACCREDITED BY NAAC WITH A++ GRADE

Affiliated to Kannur University

Nirmalagiri, Kannur, Kerala, India 670701 | www.nirmalagiricollege.ac.in

BEST PRACTICE

3. NEST-V.2 (Nurturing and Educating for Social Transformation)

3. NEST-V.2 (Nurturing and Educating for Social Transformation)

Nirmalagiri College has introduced the NEST-V.2 (Nurturing and Educating for Social Transformation) scheme, which aligns perfectly with its mission of fostering holistic development in marginalized communities. This initiative reflects the college's commitment to social responsibility and educational excellence.

Through NEST-V.2, students engage in community-based projects, such as collecting data from the Peruva Colony, a tribal area in Kerala. This hands-on experience allows them to identify pressing issues faced by the community, including educational barriers and health challenges. By analyzing this data, students can propose systematic solutions that address these problems effectively.

The NEST-V.2 program emphasizes the importance of nurturing social consciousness among students, encouraging them to become proactive agents of change. This initiative not only enhances their academic learning but also instills a sense of empathy and responsibility towards societal issues. As students participate in various outreach programs under this scheme, they contribute significantly to the upliftment of marginalized groups, reinforcing Nirmalagiri College's dedication to creating a more equitable society.

A day with Homeless people

Students collected materials for Old Age Home

Students engaged social activities with poor

A team visit to 'Prathyasa Bhavan'

Onam celebration with Inmates of Snehanikethan

Enjoyment with Aged people

Medical Camp at Peruva Colony
